# THE BLUE RAMP IN DALLAS

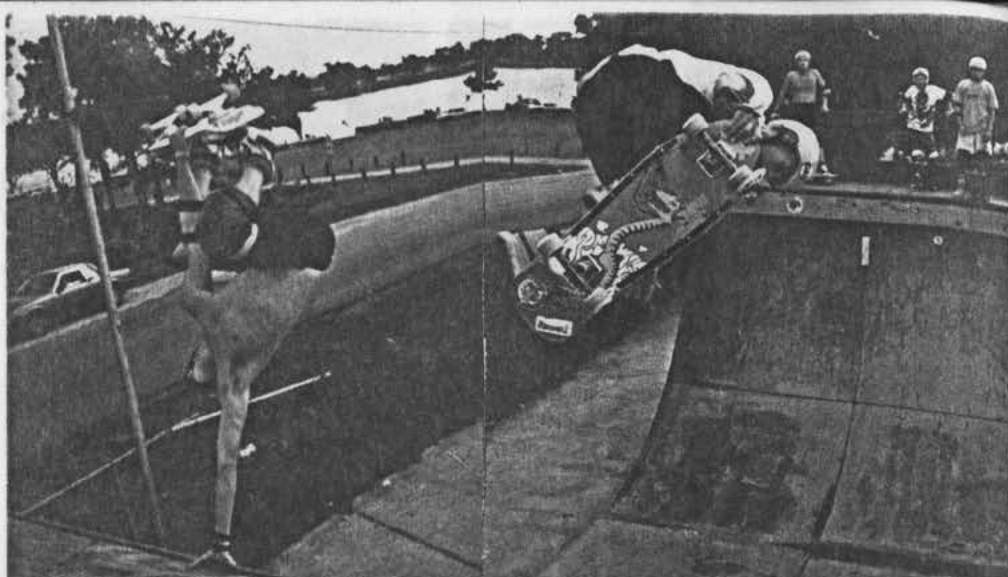

THE BLUE (CLOWN) RAMP IS ABOUT AS INTERESTING AS A SKATE SPOT CAN GET. THE RAMPS IN A LOT NE TO A SHACK (THE SHOP) AND SURROUNDED BY AN ASSORTMENT OF QUARTERS, PARKING BLOCKS, AND PORT. RAMPS. IN THIS IN THE MIDDLE OF A HUGE CITY. A LAKE SITS LESS THAN 100 YRDS. AWAY W/AN AIRPORT DIRECTLY BEYOND. 747s FLY RIGHT OVER TO LAND, THEY PHS SO CLOSE YOU CAN COUNT THE TREAD ON THEIR TIRES. THE RAMP HAS QUITE A HISTORY, TOO. IT STARTED OFF AS ONLY 2 SECTIONS OF COLORFUL FIBERGLASS, THEN 2 CLOWN AND ONE BOE SECTION THEN 2 CLOWN AND 2 BLUE, THEN JUST 2 BLUE, THEN FINALLY 2 BLUE AND ONE CLOWN. FOR A WHILE THE GOOD LIVED BENEATH IT. THE RAMPS NOW WORTH 20,000 BUCKS. SKINHEADS SET THE SHACK ON FIRE NOT LONG AGO. MOST ANY DAY THE LIKES OF WILKES, JOHNSON, GODOYS, GIBSON, OR PHILLIPS VISIT FOR A FEW RUN AS WELL AS MANY OF THE TALENTED LOCALS. THIS IS JUST ONE OF THOSE DAYS.

## THINGS YOU MIGHT OR MIGHT NOT ALLREADY KNOW

Imagine if you will, a YMCA. In the building is a basketball court, swimming pool, weight room, and three racketball courts. Imagine one racketball court (20'/40') fitted snugly with a 20' wide, 10' tall halfpipe. Well, that's exactly what's happening, right here in Palestine. Everytime I think of it my heart races. How much more perfect could it be? Air-conditioning in the summer & heating in the winter. After a session grab a coke or jump in the pool, not to mention the little league baseball. The plans for it taken from the owner of the Skatepark of Houston so you know it will be done well. It should be nearly finished by the time you read this and I'm going to be getting in touch with some big skate hot shots to join in for a ramp opening jam so write or call for more info. You have to pay to skate, but then, they paid to make it.

Some of you may not recognize the name Randy "Biscuit" Turner right off, who I mentioned in the FLUX article. He's the ex-singer and long time skater for the Big Boys and Cargo Cult. He may be doing a scene report on Austin (where he lives) for PS #5. There's a great metal ramp down there which I'd like to visit if I didn't have a lousy van.

At last count Peyton's broken a total of ten boards and his latest is beginning to crack. That's only one year's number, too.

The Gillespie Pool still lies unskateable with rainwater filling to near the tiles. Although the transitions resemble a launch ramp pushed against a wall with near 5ft. of vert an occasional axle bite on the copingless lip was attainable.

Here's that photo article I was talking about last issue. There are a couple reasons why I did this. First of all, you get to see skate spots from all over, and secondly, I just get a kick outta getting pic's in the mail. I've gotten dozens sent from all over the continent but none from overseas yet, I'll try and fix that soon. Thanks a truckload to those who sent, mine are in the mail. Some will think this is a rip-off of Freezine #14 but actually I've been working on this for a long time. Y'know, it sorta reminds me of the time I was loading up tree pulp at the sawmill with uncle Baxter when...oh, nevermind.

EVEN WITH A BROKEN LEFT ARM THIS GUY RIPPED WITH MOVES LIKE THIS FOOT FLAPPING BACK-HANDED FAKIE AIR.

"Hey AAAaron, there's a contest/jam next weekend." and there was and it was at the FLUX Ramp way out in the boondocks and the thing was planned to raise money to cover it with metal and that would make 6 including the planned covering of the Onion Ramp in nearby Noonday and the trip there turned out more eventful than the jam because the roadside bank and ditch scan revealed two banks and one steep Monteguish ditch and while stopped at a gas station I ran into "Bisquit" Turner who was visiting his mother and we talked & he gave me his address and an invitation to stay in Austin for awhile to tour the ditch and ramp scene and then I finally found the ramp ina field outside Longview and it was being ridden by Scott Armstrong from Tyler and Tommy Koesel from near Dallas and Tony (who I accidentally called Steve in the Houston article) and Jeff Phillips and Dan Wilkes and some guy who did great eggplants and hoho attempts and Jeff rode huge wheels as Dan blew me away as he seemed to dance on the coping with hurricane variations such as backside and to fakie and then the sky became dark and since the ramp had no lights people began to leave so we packedup for another long ride home and ten minutes from the ramp it started to rain.

# SEAN RIVER

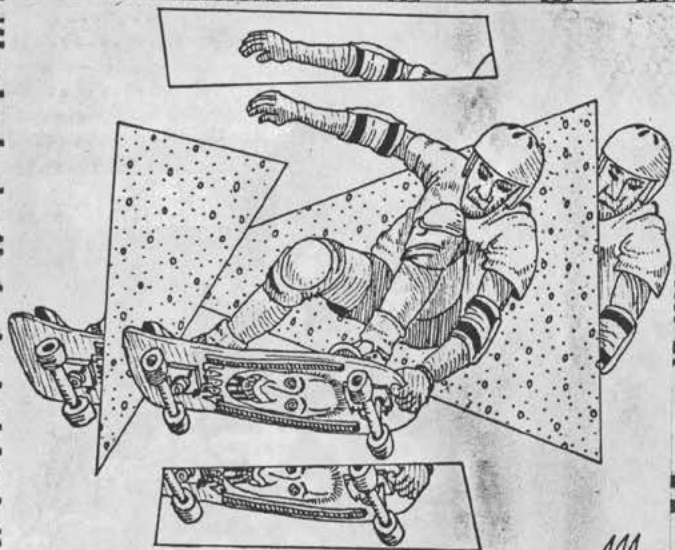

## The best in Texas.

SEAN RIVER

Things looked kinda wet. It had rained off and on for the last two weeks. The night before the contest the sky resembled the fourth of July, we're talkin lightshow. But everything cleared up and we left on the three hour trip early that morning.

The Skatepark of Houston is set up like this. It's made up of Kahuna, the big ramp, at thirteen feet high and twenty-four feet wide. Beside it lies the Chiquita, which is eight feet high and twenty feet wide. Then there's the third metal ramp at six feet tall and twelve feet wide. Beside it is the four foot high, six foot wide half. At the end near the parking lot there's a concrete area with a small, trashed quarter.

FINAL

AAA

SINCE THERE ISN'T A PRODUCT ARTICLE IN HERE YET I THOUGHT I'D JUST TELL YA WHAT I RIDE. I ALWAYS BUY USED STUFF 'CAUSE I'M USUALLY BROKE, THOUGH. FIRST I'VE GOT A LARRY DESIG NS SIG. MODEL (SANDED DOWN AND DRAWN ON LUCERO). IT WORKS PRETTY GOOD BUT I'M FIXING LAMINATION PROBLEMS. IT OLLIES WELL CONSIDERING THE FACT THAT I HAVE NO CONTROL OVER MY FEET, THEN I'VE GOT SOME TRACKERS. I RIDE THEM IN THE STREET BUT SINCE I'M LIGHT THEY DON'T BUST ON ME. THEN I HAVE SOME 20 YR. OLD SLIMEBALLS, I'M PRACTICALLY RIDING ON THE BEARINGS, THAT'S HOW GOOD THEY ARE. THE WHOLE OUT-FIT IS COATED IN A NIFTY DAYGLO BLACK AND BROWN GRIME COLOR THAT REALLY IMPRESSES THE BABES.

Me, Eric, Peyton, and Sonny arrived a few hours early so they started skating while I went ramp to ramp warming up the camera and giving away issues of P.S. The two smallest halves weren't too airable but the locals had most every lip trick wired. At the Chiquita the unsponsored were layin down some heavy lines. One pizza and a dozen Cokes later the spams (sponsored skaters) started showing up and a photo session started. A guy named Steve was throwing around channel inverts and big ollies.

Someone named Barry was getting varial layback airs and thirteen yr. old Micky from Dallas was getting used to the new terrain with stylish indys. Danny Webster showed up to lay down some lines. He likes his airs high and his inverts contorted. Around four the lower division contests began. In the twelve and under category the smallest one, joe, won. As for the other divisions I didn't keep up.

After some practice the spams were ready to start. As the judges tried to explain the run squedule Jeff Phillips dropped in for a few side to sides. Jeff makes skating look too easy, he looks as if he weren't even aware that he was skating. Then he and John Gibson went over to the Chiquita to sesh with some others.

As the spams got started things got hot real quick. Gene Hare went higher every run. Brian Pennington was getting f.disasters and channel ollie to smiths, plus an elguerial to sad. Barry landed a layback air over channel. One of Mickey's runs got big applause with g.twists, frigidis, and high f.ollies. David Herbert took the method, madonna, sex change, etc., etc. route and nearly made a mc twist on his last run. Steve was doing saranwraps. In the end it was Brian Pennington on top followed by Gene Hare, Tod Prince, David Herbert, Steve, and Mickey rounding off the top six.

After it was over Craig Johnson and Mike McGill, who arrived earlier from demoing at a waterpark, padded up to ride. Mike was riding strong with high torquers and big lein to tails. Craig made the ramp look like a quarter pipe with f.ollies almost five feet up and monster one-foot sads. Plus, of course, his now famous fakie thrusters. Peyton gave him an issue of P.Sand we recieved the C.J.seal of approval, "This is cool!"

After endless photos and running out of issues we packed up and left for home exhausted and sunburnt. A day well spent.

# MISCELLANEOUS GOBBLEDEGOOP

FROM THIS ISSUE FORWARD PROS WILL BE REFERED TO AS "ORPS." WHY? HELL, I DUNNO, SOUNDS BETTER. SPEAKING OF ORPS, CRAIG J. SAYS REMOVED OVER TO ALVA AND'LL HAVE A MODEL SOON. WITH A Milder CONCAVE AND TAIL THAN OTHER ALVAs CAUSE HE DOESN'T LIKE THEM THAT STEEP. THE FATE OF THE EVER TROUBLED ZORLAC IS UNKNOWN. THEYVE HAD DISTRIBUTION PROBLEMS.

IN THE ZINE WORLD HEMP, WHICH WAS ROAD RASH, IS NOW FILE 13. NAUGHTY NOMADS HAS A NEW ADDRESS, SUPPOSEDLY OF 425 E. ANAPUMA APT. E SANTA BARBARA CA 9301, SINCE HE GOT KICKED OFF THE RANCH. OLD NEWS. GEEK ATTACK, WHICH I SAID WAS GONE ON PAGE TWO, IS MY OWN OPINION. ALL I KNOW IS THAT IVE WRITTEN THEM TWICE WITH NO RESPONSE.

YES, THE RUMORS ARE TRUE. I DO HAVE A 3-D DRAWING OF A UNICORN DOING AN EGGPLANT WITH MATCHING FUNKY GLASSES, AND I DO HAVE ACTUAL PHOTOS OF LARRY, THE NOW UNDERGROUND SKATE MARAUDER. LOOK FOR IT IN THE NEXT ISSUE.

THE SKATER IN THE DALLAS AND HOUSTON ARTICLES WHO I CALLED MICKEY AND MICKY'S REAL NAME IS MIKEY (MTK E). OK, SO I CANT SPELL.

PEYTON HAS NOW BROKEN ELEVEN BOARDS. BY THE WAY, HE'S LEARNED AIRS 4 FT. OUT AT THE BIG WOODEN THING RAMP AFTER GETTING THEM AT HALFWAY UP THE TRAINNIES A WEEK AND A HALF EARLIER. ALONG THE SAME LINES, PRIVATE GOTCHER (SCOTT) IS BACK FROM THE NAVY AND REPORTEDLY "RIPPING WITH DISCIPLINE". HE TOOK A SUMMER TERM FOR COLLEGE MONEY.

FOR THOSE READERS OF THE DUMBER VARIETY, LAST ISSUES TRICK TIPS WERE COMPLETELY MADE UP USING THE MAGIC OF STOP ACTION PHOTOS. WE WERE HOPING TO LATER SEE SOMEONE REALLY DOING THAT TRULY IMPOSSIBLE TRICK. IT WAS EVEN HARD TO FAKE DOING IT.

FOR THOSE WHO DON'T KNOW WE MAKE NEATO STICKERS (2 BITS) AND SPIFFY T-SHIRTS \$7.00 IN CROSSBONES AND LARRY DESIGNS.

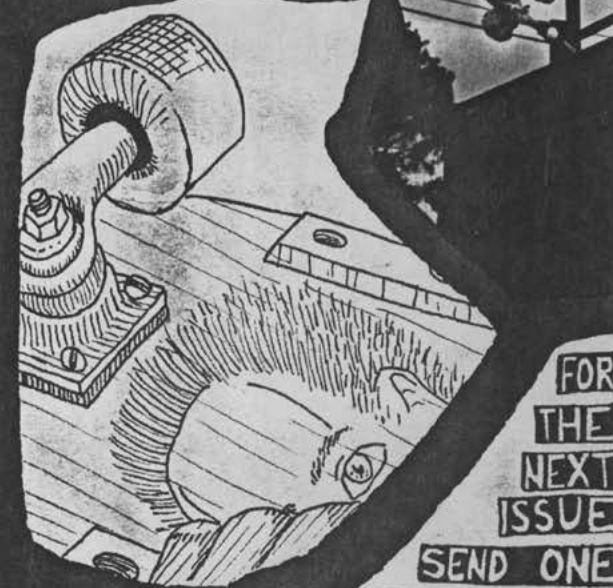

IF EVER OVERCOME BY THE SUDDEN URGE TO SESSION WITH A GROUP OF HYPER TEXANS, JUST CALL THE PS SKATE HOTLINE FOR INSTANT RELIEF (1-214-729-5742). IF OUT OF STATE SIMPLY MAIL US THE PLANE TICKETS TO GET THERE.

THIS IS ONLY PART OF OUR COLLECTION OF BROKEN OR FATALLY CRACKED BOARDS. THERE'S DEFINITELY SOMETHING WRONG WITH BOARDS QUALITY NOW-DAYS.

# THE END

THIS MORNING I WAS WORKING ON MY EGGPLANTS WHEN, WELL, OK, I WAS MAKING A SALAD. BUT ANYWAY, I WAS THINKING, I SEND OUT 100-200 ZINES TO HOUSES ACROSS THE COUNTRY AND CANADA BUT THE CHANCE TO EXPAND IS GREAT. SEE, AFTER YOU FINISH GOING THROUGH THIS A FEW TIMES LEAVE IT AT A RAMP OR SKATE SHOP FOR SOMEONE ELSE TO FIND. THEY'LL GO THROUGH IT AND HOPEFULLY DO THE SAME, REPEATING THE PROCESS OVER AND OVER. IF YOU STOP AND THINK ABOUT IT, THIS WHOLE UNDERGROUND ZINE SYSTEM IS PRETTY AMAZING AS IT IS, BUT DON'T BE GREEDY. LET SOMEBODY ELSE IN ON IT. TILL NEXT TIME MAY YOUR BALLS BE SOFT AND YOUR SKATING STRONG. AAA

FOR THE NEXT ISSUE SEND ONE QUARTER, FOUR DIMES AND TWO NICKLES TO: 36 RAMBLING RD. PALESTINE TX 75801
